

Junior QA Engineer (Python)Full-time

Posted ByAppsTek Information Services Private Limited

Job description:

As a Junior QA Engineer , you will work closely with product managers, developers, and senior QA engineers to test and validate critical features in a fast-paced and highly regulated environment. you'll be responsible for writing and executing manual and automated test cases, primarily using Python-based tools, to ensure our applications meet high standards for quality, accuracy, and compliance.

Key Responsibilities:

Write and maintain automated test scripts using Python (PyTest, Selenium, etc)

Execute functional, regression, and integration tests for web and mobile platforms

Validate financial transactions, calculations, and workflows

Work closely with developers and business analysts to clarify requirements and define acceptance criteria

Identify and document bugs, and verify fixes

Participate in test planning, sprint reviews, and product demos

Required Qualifications:

bachelors degree in computer science, Engineering, or related field

Strong understanding of Python and its use in testing (eg, PyTest, unit testing, data validation)

Familiarity with QA methodologies and tools (manual + automated)

Excellent attention to detail and analytical thinking

Strong communication and collaboration skills

Preferred (Nice to Have):

Experience with Selenium, Playwright, or API testing (eg, Postman, requests, REST APIs)

Familiarity with test management tools (eg, ADO, Jira)

Knowledge of SQL and experience validating data across systems

Exposure to Agile methodologies and CI/CD pipelines (eg, GitHub Actions, Jenkins)

Role Specific Skills

☐ Active Listening

☐ Category Flexibility

☐ Complex Problem Solving

☐ Computers and Electronics

☐ Critical Thinking

- ☐ Customer and Personal Service
- ☐ Deductive Reasoning
- ☐ Design
- ☐ Engineering and Technology
- ☐ English Language
- ☐ Flexibility of Closure
- ☐ Fluency of Ideas
- ☐ Inductive Reasoning
- ☐ Information Ordering
- ☐ Judgment and Decision Making
- ☐ Mathematical Reasoning
- ☐ Mathematics
- ☐ Near Vision
- ☐ Operations Analysis
- ☐ Oral Comprehension
- ☐ Oral Expression
- ☐ Originality
- ☐ Problem Sensitivity
- ☐ Programming
- ☐ Reading Comprehension
- ☐ Selective Attention
- ☐ Speaking
- ☐ Speech Clarity
- ☐ Speech Recognition
- ☐ Systems Analysis
- ☐ Systems Evaluation
- ☐ Written Comprehension
- ☐ Written Expression

- Show Less

Basic Qualifications

Bachelor of Computer Applications (B.C.A) - Any Specialization

Bachelor of Technology (B.Tech) - Any Specialization
